PROJECTS

[Gamaru App ↗](#)

Jul 2023 - Sep 2023

It's basically a play and earn type app. User can play online multiplayer games (like BGMI, Free Fire, Ludo) and earn money. Also, it has features like Watch and Earn, Refer and Earn, Share and Learn, RealTime Notifications.

[To-Do app ↗](#)

Mar 2023

Can save daily task in this app and get reminders of those task. User can also mark as complete when the task is done. User can also prioritise tasks.

[Wallpaper App ↗](#)

Sep 2023

It's a wallpaper app. In this app I use pexels API. User can set wallpaper through this app.

[mess mate app ↗](#)

May 2025 - Present

This is our friendly project. It will help people to find mess/pg. Here i use RestAPI, flutter and Node.js for backend. GetX used for state management.
